SECU Remote Programmer for Solar-Powered Security Bollard Light

SECU LED solar-powered security bollard lights are pre-programmed. If you want to change the program to a custom program, you need this programming module.

Only 1 Required: Only one programming module will program multiple SECU LED solar-powered security bollard lights.

No Ladder Required: Stand on the ground while reprogramming.

Maximize Efficiency: Minimize energy use with your custom programming options.

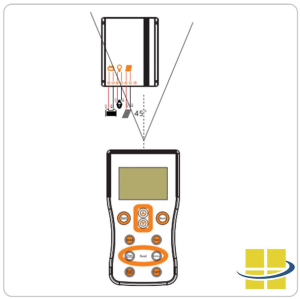

SKU: AF59XSG-UNIT-32-1
